Re: KXNT(AM), North Las Vegas, Nevada  
Facility Identification Number: 33068  
CBS Radio Stations Inc.  
Special Temporary Authority

Dear Mr. Benedict:

This is in reference to the request filed January 13, 2009, on behalf of CBS Radio Stations Inc. ("CBS"), for further extension of the special temporary authority ("STA") granted November 22, 2002, to operate Station KXNT with parameters at variance from licensed values and/or reduced power while maintaining monitor points within licensed limits.<sup>1</sup>

Our review indicates that a superseding STA was requested on April 16, 2009, and granted on April 21, 2009. Thus, extension of the previous STA is no longer necessary.

Accordingly, the January 13, 2009, request for extension of STA IS HEREBY DISMISSED.

Sincerely,

Charles N. Miller, Engineer  
Audio Division  
Media Bureau

<sup>1</sup> KXNT is licensed for operation on 840 kHz with 50 kW daytime and 25 kW nighttime, employing different directional antenna patterns daytime and nighttime (DA-2-U). Application BP-20080228ABD requests relocation of the transmitter, reduction of nighttime power to 16 kW and changes to the daytime and nighttime directional patterns.
